

What about Transbay Service?

- AC Transit has 33 transbay routes that cross three Bay Area bridges. Transbay line names begin with a letter. For example, F, FS, C, J.
- Take the line F to San Francisco on weekends.
- Once you arrive across the Bay, you will need to pay other agency fare. Load cash or other agency products onto your EasyPass to pay for rides and transfers.
- Board any of the commute-focused lines during the week. Line schedules vary with direction and time: check before you ride.
- There are a minimum of two bike racks on transbay buses while some have three.
- Learn more about transbay options for students at:
actransit.org/rider-info/transbay-service.
