How to Connect Your Waze Carpool Profile to your Berkeley Moves Account

Follow the instructions below to connect Waze to RideAmigos:

1. Click on your name in the upper right of the screen, then Edit Profile. Next, click on Connected Apps in the menu on the left.

2. You’ll see several options for apps to connect to. Note that to connect Waze to RideAmigos you will need to already have created a Waze account. If you haven’t done so already, be sure to use your Berkeley.edu email for special deals to campus!
3. After clicking connect, you’ll be directed to log in with your Waze Credentials and authorize Rideamigos to synchronize your trips (note: use your Berkeley.edu email address).
